

**We are your competent partner  
for all your questions relating to  
Conductive Education and the  
participation of individuals with  
disabilities**

### **Our Goals:**

- Promotion of Conductive Education
- Sociopolitical recognition of conductors
- Quality assurance in work and training
- Europe-wide recognition of training courses and programs of study
- Provision of advice to clients, experts, institutions and financing bodies
- Scientific research
- Development of a conductive network in Europe and international partnerships
